

Primary Care Vacancies Advertising opportunity

Are you a Primary Care Provider?
Would you like support with your recruitment?
We can help!

Lancashire and South Cumbria Integrated Care Board

Who are we?

The Lancashire and South Cumbria NHS Careers and Engagement Team work under the ICB and cover all things Careers related. We work collaboratively across all Trusts, Primary and Social care in our footprint to promote Careers in Health and Care from a grassroots level and up.

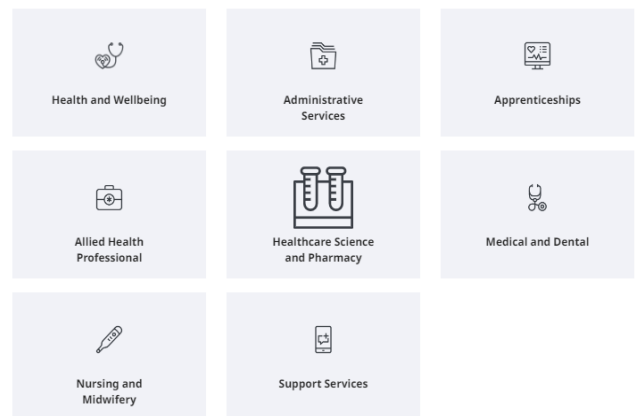

If you are interested, please email huzi.patel@mbht.nhs.uk and we will talk you through the very easy process of getting started!

Why do we want to help?

We understand the pressures surrounding Primary Care and want to do all we can to support recruitment and retention by adding another avenue for you to promote your vacancies.

Why use our platform to advertise?

First and foremost, it is absolutely free. We believe in Collaborative working across Health and Care. It is also a Platform that receives high traffic. In the last year, our Vacancies section received over 300,000 views and this is growing.
